Re: Case No. 147; Docket No. L-00000KK-09-0299-00147; Certificate of Environmental Compatibility held by SEP-II, LLC; Evidence of Updated Sign Posting

Dear Commissioners:

In accordance with our letter dated April 30, 2010, enclosed herewith are the following: (a) copies of photographs of the updated signs posted on along the facilities corridor; and (b) a map of the area depicting the location of each of the signs posted.

Please contact the undersigned should you desire any further information.

Sincerely yours,

A handwritten signature in black ink that reads "Joseph H. Rowley".

05/06/2010 14:54:49

SEP-IL LLC HAS BEEN APPROVED TO CONSTRUCT A 230KV GENERATION-TIE LINE BETWEEN A PROPOSED SOLAR PHOTOVOLTAIC GENERATING FACILITY AND THE EXISTING MESQUITE GENERATING STATION. THE APPROVED CONDUIT FOR THE LINE IS DESCRIBED BELOW.

The proposed Route is approximately 4.5 miles in length commencing at the proposed Miller Generating Facility. Then proceeding east on State Route for about 0.5 mile, then south on State Route for about 0.5 mile, and then east on State Route for about 0.5 mile. The Section Line between Sections 17 and 20, and their combining east along the same alignment for 0.5 mile to the private property. After crossing the private property, the Route proceeds east for about 0.5 mile to the intersection of the State Route and the Section Line between Sections 20 and 22, and then proceeds east for about 0.5 mile to the intersection of the State Route and the Section Line between Sections 22 and 27. At the intersection of Sections 22 and 27, the proposed Route turns north and continues on the Minnesota Generating State site for about 0.5 mile before turning west at the existing Minnesota Generating Station facility.

The Alternates Route is approx. 5.1 miles in length commencing at the proposed Solar Generating Facility, then proceeding east on State Land approx. 0.7 mile and then south on State Land for approx. 0.3 mile to State Rd. 1, proceeding east along State Rd. 1 for approx. 1.1 mile, then south on State Land for approx. 1.0 mile to the boundary between Sections 16 and 23. From this point, the Alternate Route is the same as the Preferred Route.
